

## MEETINGS CALENDAR

**June 3, 2019 - June 6, 2019**

### **The Comprehensive 2019 Gastroenterology Update**

Fairmont Copley Plaza, Boston MA – This program ensures participants are current with state-of-the-art GI strategies and clinical practices. It covers recent advances and their impact on clinical approaches and on patient outcomes. Updates, best practices, and new guidelines are presented by nationally recognized GI experts and master clinicians.

### **Practical, Results-Driven Education**

Highlights of the 2019 program include:

- Updated guidelines for the use of biologics in IBD
- Improved management of IBS, pelvic floor disorders, and functional dyspepsia
- Expanded options to diagnose hereditary GI cancer syndromes
- Management of fatty liver disease in 2019
- Best practices for treatment of HBV and HCV
- Steps to ensure delivery of high-quality endoscopic care
- Techniques to effectively control GI bleeding
- When FMT is indicated for treatment
- New strategies to treat common GI problems
- Guidance to diagnose and treat complex cases
- A comprehensive update of national guidelines

As new strategies, guidelines, and diagnostic and treatment options are presented, they are coupled with specific recommendations for incorporating these updates into your day-to-day work.

### **Education to Optimize Your Patient Outcomes**

The evidence-based recommendations provided in this program cover:

- IBD
- Microscopic Colitis
- Hepatitis B and C
- Fatty Liver
- Barrett's Esophagus
- C. difficile Colitis
- Refractory GERD
- IBS
- The Gut Microbiome
- Small Intestinal Bacterial Overgrowth
- Acute Pancreatitis
- Chronic Pancreatitis
- Celiac Disease
- GI Bleeding
- Bariatrics
- Colorectal Cancer Screening
- Hereditary GI Cancer Syndromes
- Nutritional Management in GI Diseases

**October 25-30, 2019**

### American College of Gastroenterology (ACG) 2019 Annual Scientific Meeting and Postgraduate Course

Henry B. González Convention Center – San Antonio, TX. Excellent faculty and a clinical focus make the ACG Annual Scientific Meeting and Postgraduate Course the premier GI clinical event of the year. Network with peers, share experiences, and get unparalleled access to faculty for in-depth discussions.

- Learn better ways to integrate the newest tools in diagnosis with the latest therapeutic/treatment alternatives to achieve optimal outcomes.
- Improve ability to incorporate patient care decision-making issues relating to common and not-so-common GI patient conditions.
- Enhance overall capacity to frame effective disease management strategies into practice.
